 - [Newspapers and News Magazines](#)

Literature

Newspapers and News Magazines

There are several services offering direct access (also PDF) to several newspapers, both within Germany and international.

For an overview, see [this](#) link.

The service [WISO](#) for example, offers access to the content of newspapers and news magazines to scientists, including for example [Franfurter Rundschau](#) and [Focus](#). A direct link to access the service with Passau credentials is also available [here](#).
